# PP Required / Pending Modifications (Apr 2022)

Home

- Quick search & Free registrations tabs must be differentiated properly. We couldn't notice that there are different tabs over there. So make some appropriate styling to differentiate them.

Quick Search

- For some of the searches in quick search, data may not be available. In that cases, it shows as No records found to user.

As user gets discouraged by seeing this on 1st attempt itself, so will give some text over there and redirect them to registration by giving registration tab over there. Along with the text No records found, in another line please add the below text.

'May be your search criteria is too tightly defined. Try with another search criteria or Register your profile for free to find better results'.(Give Registration Tab)

Leave Message

- After the heading add the below text

"For any queries/clarification please leave us a message by selecting your concerned issue category from the below sections. We look forward to provide service for you to find your suitable and preferred partner. We will always do our best to understand and evaluate your preferences, which will help us in effective matchmaking delivery seamless service"

- Along with the given fields, add the field 'Profile ID (If Registered)' which is not mandatory.
- After leaving a message, we must show them "Your Message received successfully, we will get back to you soon".

Fraud Alert tips - Text alignment should be adjusted. Possible Fraudulent activities points must given bullets. Mail id need to highlighted.

Report Fraud / Grievance - For both the tabs, variation must be shown. We can't able to feel as there are 2 different tabs.

About Us - After explaining about Pellipandiri and above Eenadu give registration tab which redirects to registration process.

Events - After showing all the info of Parichaya Vedika, give registration tab which redirects to registration process by giving the below Text.

'For Our Online Matchmaking service, Register for Free' followed by Registration Tab.

Branches - Make the bullet points in same order alignment. Make Phone number and Mail in bold.

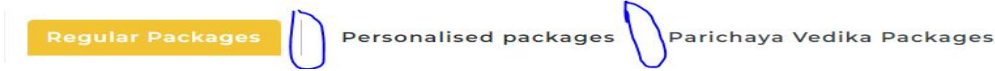

Success Story

- Since text is too small, empty space being visible for all the success stories. In order to cover it, we can make the images some more bigger by increasing the size of text also. Make bold of bride and bride groom names.

Packages - On home page give exact redirection to exact package selection (Regular to regular, Personalized to personalized, Parichaya vedika to Parichaya vedika). Kindly give buy now option to Personalized packages also. And in personalized packages, package details text must be given in bullet points.
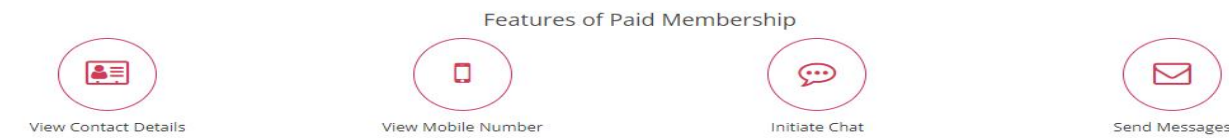

- Give variation line between the package name headings

- On the below of Regular packages table, give the "Features of Buying Regular Membership".

  All Regular package services are self-assisted. Search, Shortlist and Express interest and get contacted.

  1. Get genuine Profile suggestions   2. Express Your Interest   3. Send personalized messages   4. View contact details

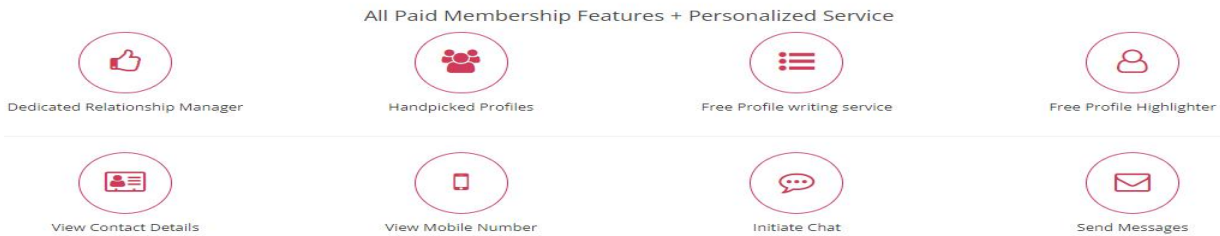

Features of Paid Membership

| View Contact Details | View Mobile Number | Initiate Chat | Send Messages |

(Example Image)

- On the below of Personalized packages table, give the "Feature of Buying Personalized Membership"

  All regular membership features + Personalized services.

  1. Dedicated Relationship Manager   2. Handpicked Matches   3. Profile Writing Service   4. Profile Highlighter

  5. Get genuine Profile suggestions   6. Express Your Interest   7. Send personalized messages   8. View contact details

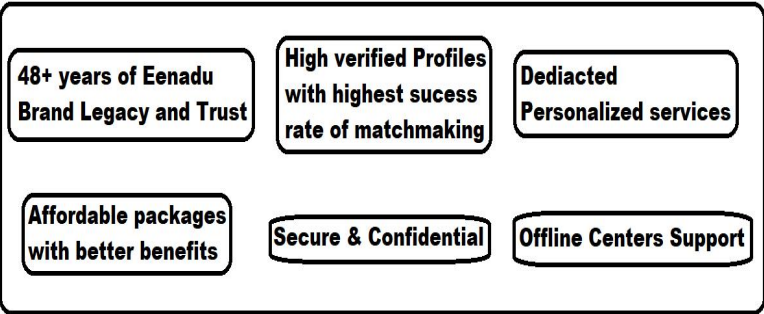

All Paid Membership Features + Personalized Service

| Dedicated Relationship Manager | Handpicked Profiles | Free Profile writing service | Free Profile Highlighter |
| View Contact Details | View Mobile Number | Initiate Chat | Send Messages |

Feedback - After the heading add the below text

'We would like to know your Feedback to improve our services and provide you the best matchmaking experience'.

- After giving feedback, we must show them "Thank you for your valuable Feedback".

Footer

- *Phone number & Mail* - Change the text colour (Yellow) of Phone number and mail instead of white. Give space between Address and Phone number.
- *Site map on footer* - Redirection was missing

Changing text colour On home or inner pages of entire site, change the white text colour to dark colors on yellow backgrounds. (Packages, Blog & etc)

Login Page - Give show password option with tick box below enter password field.

Registration Steps

Free Registration (on Home)

- To make Free registration fields look shorter on home, we can give Date of birth field inside and give all other fields as same. In 2 lines, we can present the fields by giving Next button on 2nd line ending.
- When we are selecting religion, caste filed must be shown as select by default. Implement this for all the religions.
- Change Save and next button as Create Profile.

- During OTP verification, show the text as OTP sent successfully below the mobile number. Before OTP entering, show as waiting for OTP with time limit as 60 secs under OTP box, after entering it correctly show as OTP verified successfully. OTP Expired and Resend OTP options are as usual. Make sure resend OTP option works. When Resend option was clicked then text must shown as OTP resent successfully below the mobile number box.

- When already registered profiles trying to register again, we are showing a text as already registered based on mobile and mail details. Along with it we are also showing some extra content, once look at in the below images.

- Try to give all those in one line as Profile registered with this Email / Mobile along with it give option to LOGIN for both mobile and mail repetitions.

Merging Registration process sections

Since there are many sections in registrations process, we can merge some of the sections. We have made a study and finalized the list and giving the order of steps as mentioned below.

1. Basic Information	5. Life style & Interests Info
2. Education Details	Contact Information
Employment Information	6. Partner Preferences
3. Family Details	Note : Merge both Partner preferences & partner life style, interests sections
4. Socio - Religious Information	7. Photos & Documents Uploading
Location Information	

- Change the text colour of headings, as white is not visible on yellow background, keep some dark shades with bold letters.
- Each section consisting fields are explained below.

Basic info

- Fields order must be changed as given below with the same mandatory marks.

1. Name	2. Create Password	3. Re - Enter Password
4. Registered by	5. Gender	6. Marital status
7.Date of Birth (Bring it from Home)	8. Age (Auto filled based on given DOB)	9. Place of Birth

13. Weight	14. Blood Group	15. Body Type
16. Physical Status	17. Health Info	
18. Mother Tongue	19 Languages known	

- Password match symbol was not correctly placed. Place it beside re-enter password box with some space. If that is not possible, keep as the same that you are giving now but show the text 'Password matched'.

- After entering the password in required characters also, indication is showing as Password should be minimum 6 characters. Remove it when 6 characters are given.
- In Health Info filed, show some example text in box like Example : Diabetics, BP, Thyroid and etc
- In time of birth field, modulation option was given where AM & PM were asked. Many of them may not know modulation meaning. In order to avoid confusion, better to give AM or PM as default, as per their data they will change.

Education & Employment Info

- ***Education*** - College field should be changed as School / College. Make it mandatory along with place of study.
   - University field should be changed as Board / University
   - Education details field should be changed as Education
- ***Employment*** - Employment details field must be changed as Employment status and show default option as select. (It is showing working as default).
   - Remove not disclosed option in Annual Income field.
   - Mandatory mark should be given to designation & Employment location. Remove Any option in designation listing (Do it in edit profile too)
   - As we are planning to give Present and Permanent address fields in location information section, we can delete citizenship, country living in, state, residing district / city, residing status fields in this section.

Family Details

- Fields order must be changed as below mentioned.

1. No.Of family members	2. Family Type	3. Family Income
4. Father Name	5. Mother Name	6. Father Occupation
7. Mother Occupation	8. Brothers Married	9. Brothers Unmarried
10. Sisters Married	11.Sisters Unmarried	
12.Family Currently Living In	13.Family Home town	
14.Few words about Family		

- Family current living must be mandatory.
- Give home maker option on top of the list in Mother occupation filed.
- Remove Student & Any options in Mother and Father occupation field selecting list.

Socio - Religious & Location Information

Socio - Religious - Religion & Caste must be auto filled from the home and shouldn't give edit option again here.
   - Rasi / Moon sign heading must be changed as Rasi / Zodiac sign / Moon sign.

Location Information -

- After location information, show two different headings as Present Address and Permanent Address with required fields.
- Fields order must be changed. Residing status field must be in 3rd, remaining all fields are same order.
- In between Present and Permanent address we have given tick box option to copy paste the data. There Please add the below text.
   'Same as Present Address (Tick box) click here to copy paste the Present Address data'.

Life style & Interests And Contact Information

Life style & Interests

a) ***Diet*** - Please change the heading as food habits. And ad Vegan option in selection. Order must be Vegetarian,Vegan, Eggetarian, Non vegetarian, Occasionally non vegetarian.

b) ***Hobbies & Interests*** - Hobbies and interests are the same. So we can merge the sections and name it as Hobbies/Interests

c) ***Interest on Pets*** - Yes or no words are in different formats. Make both in same format of cases.

d) ***About Me*** - Make about me box bigger and give it in one separate line.

   In Auto fill Height info is not showing as per chosen data. Kindly look into it.

Contact Information

- Facebook and LinkedIn details must be given here in separate line after other contact person address.

Partner Preferences

- Partner preferences fields were given in two pages. Adjust family type & willing to marry fields in horizontal way and bring 2nd page fields to one page.
- In Age field, select is shown default. Instead show Minimum and Maximum.

Age*

Select ▼	Select ▼

- Height field is shown in two different fields. If possible, make them as one same like age field with minimum and maximum by default.

Height Min   Height Max

Select ▼	Select ▼

- In education field, show Any option on top of the list.
- In Employment field, make Any option bold.
- Andhra Pradesh and Telangana Districts must be updated.

Andhra Pradesh Districts (26)	*Telangana Districts (33)*

- For Country Living In, State, District, Caste fields, show the list in scrolling format instead of showing whole list at a time.

- Make Any option on top for religion field.
- Family type and Willing to marry fields are in vertical view. Make them horizontal view may be with listing selection option. And give them as mandatory.

Partner lifestyle and Interests

a) *Diet* - Please change the heading as food habits. And ad Vegan option in selection. Order must be Vegetarian, Vegan, Eggetarian, Non vegetarian, Occasionally non vegetarian.

b) *Hobbies & Interests* - Hobbies and interests are the same. So merge the sections and name it as Hobbies/Interests. Give Any option along with the options which are given in interests and make it as mandatory.

c) *Interest On pets* - Give options Yes or No

d) *Assets* - Make the field as mandatory.

Photos & Documents Uploading

- Under the heading keep text note as 'Upload documents to get verified account badge and get connected with trusted and genuine matches'.
- Make heading as Bride / Groom ID Proof instead of Bride / Groom ID Proof (Both front & Back side).

- When we are selecting Aadhar as ID proof, it is asking to enter Aadhar Number. Since we are not validating with OTP, it's better to remove the field. If not possible make it bold and adjust the placement correctly.
- Below the uploading file options show file size indication properly as immediately after the box itself. (For both Photos and ID proofs).
- Below to it give other ways to upload the files. Example model was given below.

- Since it is a last section in registration process, at the end of this section give terms and conditions check box. Make sure it is mandatory to complete the registration.

Final Welcoming Message

- After all the registration part completion and OTP confirmations, please show a welcoming message in separate page with the text given below

    " Your profile was successfully registered at Eenadu Pellipandiri with profile ID {{Profile ID Number}}. Wishing you good luck for your partner search".

Note: During the testing, I found that, I got OTP to my mobile number after entering it is showing as invalid mobile number. So please take appropriate measures to avoid all these issues.

After Login

Profile completeness, Photos uploading, ID verification & Upgrade dialogue box

- Immediately after logging in, we must show Profile completeness (Users who didn't complete their full / 100% profile), Photos uploading & ID verification and Upgrade dialogue box in a slider view one after one with skip, next and close options.

  a) ***Complete Profile***
  - ➢ For the incomplete profiles, we can show the dialogue box like below image with the left over steps. In the below give Complete your profile with edit redirection.
  - ➢ Immediately after heading give below the text as "We want you to be a deserved profile for any matches that you would prefer. So, you need a 100% complete profile to be eligible for receiving better matches.

    You can find your profile completion percentage on the below panel" (In Separate Line).

  b) ***Photos Uploading & ID Verification***
  - ➢ Give text for photos uploading as "First Impression is the last impression. So, upload your impressive profile photos and get more responses and request matches". After the text give uploading option.
  - ➢ Give text for ID verification as " Uploading Government Identity proof documents will bring you an verified account badge to get connected with trusted and genuine matches". After the text give uploading option.

  c) ***Upgrade***
  - ➢ Give text as "You are currently on Free plan. Upgrade to paid membership for better features and benefits. Choose your package from the below" (Give packages redirection)
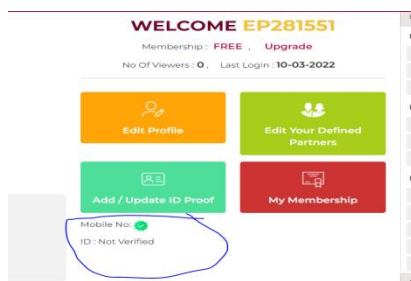

Login Home

1. Below the welcome text we can see Upgrade blink. Make some background for it.

2. Immediately after logging in, we can see mobile number with verified symbol and ID verification.
   - Here, add mail verification also.
   - If it is verified write as verified along with tick mark.
   - If not verified, show as not verified and give option to verify with verification link.
   - Keep all the content on center position instead of corner.

3. ***Upgrade option*** must shown to users, in the plan name field itself immediately after plan name text. That upgrade option will be redirecting to packages section. If they are already show the details their plan on expiry/validity field. Correct the spelling of plan name.

4. ***Navigation bar*** - Giving Home name to this section may mislead the user as it is terming as main home section. So better to change the name like My home or something like that. (Please suggest us if you get any)

- Along with the given sections add some more sections to navigation bar
  - Privacy settings as one section consisting of options such as Protect photo, Profile locking, Hide/Delete Account and other related fields.
  - Contact Us and Help sections same like Main home

5. **_My Profile_** - Change the order in my profile section.Keep starting 5 fields as same. 6ᵗʰ is My favourite list, 7. My ignore list, 8. My block list.

- Photos and ID Proof fields must be changed as Upload / Edit Photos & Upload / Edit ID Proof.
- My block list, My ignore list & My favourite list sections are redirecting to search page. Please keep the respective headings.

6. **_My matches_** - Given fields order must be changed 1.Profile visitors   2. Suitable matches   3. Members you may like   4. Recently joined Profiles

7. **_Advance search in search section_** -

   a. Need to change the heading as Advance search on internal page.

   b. Multiple selection option must be given to body type, complexion. Please add any option to these two fields.

   c. For below mentioned fields, show them as select by default.

   d. On socio-religious section Caste/section need to be changed. Replace it as only caste.

   e. As mentioned in registration process, when all castes are given in caste section itself, no use of giving sub caste option.

   f. Manglik option can given in Socio-Religious section. And change the name as Manglik/Mangal/Kuja Dosham

8. **_Search_**

- In all search by options, make the ages start from 21 as government made it official
- Search by Raasi - In this search option, for both star and rasi-moon sign input field, remove "Don't know" option instead provide "Any" in that.

9. **My Membership**

- In this field, will show about their package details info like package name, package amount, package duration, package inclusions or benefits, package contacts limit, package expiry date, package contacts left more and etc details.
- In the below of those info, in a separate line add text "Check & compare other packages also to upgrade for more premium features". Here provide all packages and compare options redirection link.

10. *My Favourite list*

- While listing the profiles in favourite list, we have given Un bookmark option to all profiles. Change the word Un bookmark as Un favourite. Make it bold and keep it in center position.

- On the same section, if possible change that star mark which is representing horoscope. As Star mark will be using for favourite, it will be misleading user. So keep any other symbol which represents horoscope.

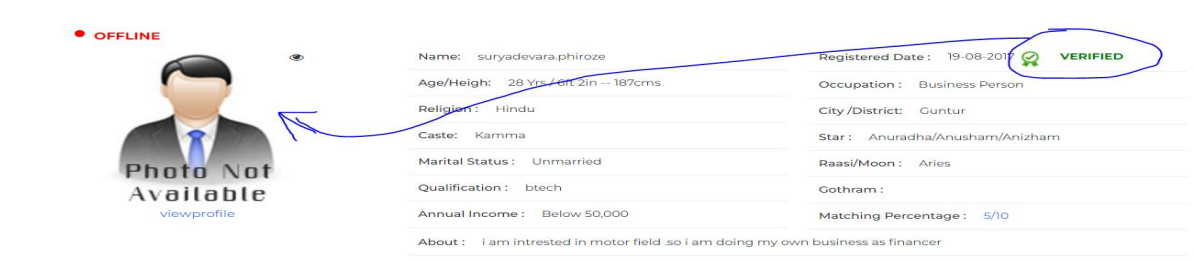

11. *Suitable matches*

- Make About as about me. View profile option should move little down by making it large with bold text and with some background shade.

12. *Verified symbol* must be shown on photo for any suggesting matches, premium matches and etc. On login screen we are listing some suitable matches, premium matches, members you may like, recently joined. For all those profiles on listing itself, we have to show verified symbol without opening full profile. Even after opening that symbol must be on photo only.

13. Compare option - While displaying the profiles, give compare option beside express interest, ignore, block and favourite

14. Viewing any Profile

- When a free user trying to open any suggested/Premium/Recommended/Recently joined profiles, we shouldn't show full profile to them. On main home & login page, we are displaying basic profile with Profile ID, Job, caste, age. By seeing that basic profile, if any user try to open any profile, we need to follow some rules which are mentioned as follows.

- Free user can see basic profile on home/After Login screen. When tries to open we will show moderate view of profile by showing some extra info than basic info. (Contact us when you start doing it, will tell the fields which need to be displayed). Should not display Phone number, name, mail ID, full address, social media accounts. In order to see the full profile will ask them to upgrade as paid member by giving packages redirection. Based on this criteria only Print profile and forward profile must work.

- For paid member of any plan will show the full details of profile by hiding some details like Phone number, name, mail ID, full address, social media accounts. On these fields, will display as unlock. If they liked the profile they will unlock the contact info, where contact number limit of their package will be counted. Based on this criteria only Print profile and forward profile must work

  (Note: For free user or paid user we should not display contact information directly to the user. In print profile & forward profile we should not display any contact info even they are paid members also.)

- Phone number, mail, date of birth, time of birth, raashi, star, Other contact person phone number, Facebook, LinkedIn must be hided for all the users. For free users we must show as Upgrade to unlock. And for paid members, show as Unlock as the unlocking number is counted as per their membership plan. Sample image is given below.
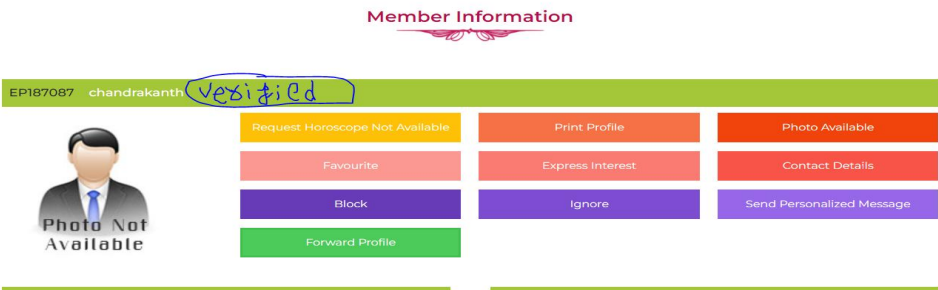

15. Edit Profile

- Show all the fields as per the registration process. We found that registration process fields are not matched with edit profile sections or fields.
- All the fields of all the sections must show on edit profile page. Some fields are visible only after opening that particular section. If all were visible means user feels easy to edit or update the data.
- After editing the info in any section, we must show them successfully saved on the same page it self
- *Basic Information* section font it too small. Make it as per all the fields font size.
- *Lifestyle* section - diet info is visible at outside but when we try to edit it is showing as default select option again.
- *Socio Info* - Give yes or no option to Manglik/Kuja field. If yes then provide manual typing box with out mandatory
- *Other Information* - Family section information is showing in this section. Kindly make the changes.
- If user wish to change or update Phone number, email, need to be verified by entering OTP received on registered mobile number.
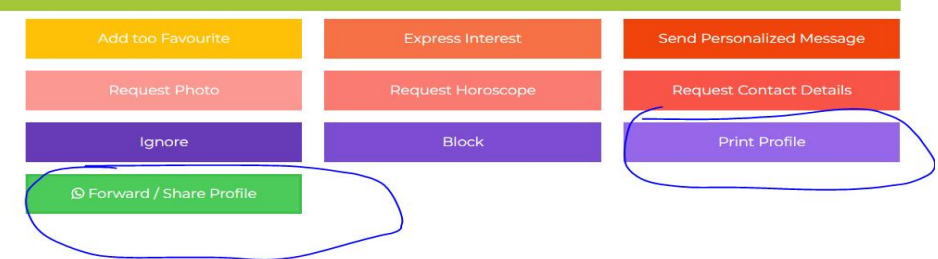

16. Edit Profile - Partner Preferences

- Show all the sections on page. If the user wish to edit then they will open the edit page. But by showing limited sections on the page may mislead the user.
- When we are opening one section, another fields are also showing. Show details of that particular section only.
- Caste, Education, Occupation, Country, state, district listing must be changed. Give select listing in scrolling format.
- In Location section order must be changed. Start with citizenship, followed by country, state and district.
- Make sure all the sections must be same like Registration process fields.

17. After opening any profile, beside the name Please show as verified Profile if the user is verified.

- If possible merge Print Profile and Forward / Share Profile blocks into single block and name it as Forward / Share / Print profile. After clicking that option, in the page show 3 fields individually as Share Profile (Whatsapp Logo), Forward profile (Mail Logo), Print Profile (Print logo). Basing on the selection, redirect to respected page. For free users print, share profile should not work.

- Given options colour corrections need to be changed. Have order of showing same colour either may be vertical or horizontal.
  Options order must be changed like

  1. Add too favourite   2. Express Interest   3. Send Personalized message   4. Request Photo   5. Request Horoscope
  6.Request Contact details   7.Ignore   8. Block (If possible kindly merge Ignore & Block profile options)
  9. Print Profile   10. Forward/Share Profile (If possible kindly merge Print Profile and Forward / Share Profile)

- When a user click on options view contact details, send message, print profile, forward profile we must not allow and should give Upgrade option too.
- WhatsApp share option logo must be shown on top of the page with clear visibility.
- After opening any profile, If possible try to show about me field separately at the top immediately below the photo and remaining all sections be the same.

  Sample model is given below.

- After opening any profile in any of the suggestion sections like suitable matches, premium matches, profiles you may like, recently joined profiles. We must give next option (slider) with button to view next profiles instead of coming back and opening another profiles. Sample model was given below.

18. <u>Upload / Edit Photo</u>

- After the heading, give this below text

  "Uploading photo brings you authenticity for the profile and makes you list on the top on search results".

  "In case of any queries or technical error call to 8008001686 and mail us to support@eenadupellipandiri.net

- Keep the Photos middle place on screen. Then show the options below the photos, as we are giving on photo, user can't see those.

- To Protect your photo/video/horoscope, you need to become paid member click here to become paid member. Keep this text in single line & make it bold.

For paid members also, it is showing as "become paid member to protect your photo/video/horoscope ". Please look into it. (Tried through Anil garu account)

- In place of 'You can send photos for uploading on site to whatsapp number, 8008001686 ' text give the below model by saying other ways to upload.

19. <u>Upload / Edit ID</u>

- After the heading, give this below text

"To get verified symbol on your account, you need to upload your ID proof. Verified account brings you trusted matches and makes you list on the top on search results"

"In case of any queries or technical error call to 8008001686 and mail us to support@eenadupellipandiri.net

- Give horizontal order of images instead of vertical view.

- To Protect your photo/video/horoscope, you need to become paid member click here to become paid member. Keep this text in single line & make it bold.

For paid members also, it is showing as "become paid member to protect your photo/video/horoscope ". Please look into it. (Tried through Anil garu account)

- At the end, give other ways to upload like below model with our info.

20. <u>Delete Account</u>

- When user deletes his / her account, we must show a message as 'Your account was successfully deleted. We respect your privacy and we will not be listing your profile in any suggestions from now'.
- After the message, screen must be redirected main home.

<u>Mail Notifications</u> - Along with Mobile notifications, we must give mail notifications also with same templates. Kindly make those live.
